Subject: Tribal Stories DRAFT Email
DRAFT 2018 TEPM Agenda .pdf

Hi Brandy,

This morning the tribal caucus decided to keep the TEPM in Chicago during the week of March 19. Here's the draft email we discussed the other day concerning the tribal stories session. Let me know if you have any edits:

Hello All,

With the Tribal Environmental Program Management Conference right around the corner, we are still in need of two more tribal speakers for the plenary session "Tribal Stories: Successes & Lessons Learned" happening on Tuesday, March 20, from 9:45am – 10:45am.

Organized as "SLAM" or Lightening talks, these are fast-paced presentations. You'll get 15 PowerPoint slides, 20 seconds per slide (with the slides automatically advancing) for a total of 5 minutes. You're telling the audience about your project with your slides to help illustrate your points. We can provide a template if you like! You can see examples a 2015 conference that took place in Minnesota: <http://mncerts.org/events/certs2015/agenda> You can share about a project that went really well or provide lessons learned from a project that could have gone better...your choice.

If you are interested in joining this plenary as a speaker, please let me know as soon as possible so we can get you on the list.
